EQUINE VETERINARY CLINIC AT MOULTON

The Town and Country equine team are pleased to announce the recent opening of their additional Equine Veterinary Clinic at Moulton College. The centre is state of the art and complements the existing equine facility at Market Harborough.

MOULTON EQUINE VETERINARY CENTRE OPEN DAY - SATURDAY JUNE 12TH 2010

TOUR OF FACILITIES, MEET THE TEAM AND DEMONSTRATION BY 'HORSES INSIDE OUT'

'Horses Inside Out' examines applied equine anatomy, biomechanics and physiology. This is a serious subject presented in an interesting and informative fashion. Painting the skeleton and musculature on the side of horses really helps to bring this subject to life. The demonstration explains the significance of biomechanics to 1) improve performance, 2) reduce injury and 3) maintain top physiological condition.

EVERYONE WELCOME

Congratulations

We are delighted to announce that our lovely Caroline is expecting the birth of her first child. Congratulations to Mike and Caroline.

BUSINESS AS USUAL WELCOME TO GREG MEYER DVM MS MRCVS

Greg will be joining us in May to cover Caroline's maternity leave. Greg is highly qualified and has been specializing in the practice of equine medicine and surgery since qualifying in the USA in 1997. Greg comes with a vast amount of experience in first opinion work and has advanced training in equine surgery, particularly abdominal surgery and fracture repair.
